MANAGEMENT DISCUSSION AND ANALYSIS REPORT**OVERVIEW:**

The financial year 2019-20 began with formation of new government, which took a strong stance on economic development, with the aspiration to reach a \$5 trillion economy by 2024. The Economic Survey published in July 2019 with the theme of wealth creation, pro-business policies and corporate tax rate cuts of September 2019 were in line with the aspirations. At the end of August 2019, the Ministry of Finance announced that 10 Public Sector Banks were to be merged into 4. Meanwhile, RBI systematically reduced the repo policy rates over the course of the year, from 6.25% at the end of FY19 to 4.40% at the end of FY20. Despite these interventions, FY20 showed a slowdown in growth from the previous year. Implied real GDP growth was estimated at 5% down from FY19 figure of 6.1%.

THE COVID-19 OUTBREAK:

In March 2020, World Health Organization (WHO) had declared the outbreak of Novel Coronavirus “COVID-19” as a pandemic. The COVID-19 pandemic has caused a huge disruption creating an unprecedented impact on the financial well-being of nations, corporations and individuals. The COVID-19 pandemic followed by the nation-wide lockdown announced by the Government of India has significantly impacted businesses around the globe. Many companies in India temporarily suspended or significantly reduced operations. This has resulted in a sudden fall in the valuation of securities traded in the bourses. *The impact of COVID-19 outbreak on the Company’s business has already been discussed in the Directors’ Report hence the same is not mentioned here for the sake of brevity.*

INDUSTRY STRUCTURE AND DEVELOPMENTS:

Non-banking financial institutions (NBFIs) are an important alternative channel of finance in India’s bank dominated financial sector. NBFCs supplement banks by providing the infrastructure to allocate surplus resources to individuals and companies. Additionally, NBFCs also introduces competition in the provision of financial services. While banks may offer a set of financial services as a packed deal, NBFCs unbundle and tailor these services to meet the needs of specific clients. NBFCs provide multiple alternatives to transform an economy’s savings into capital investment.

Recent developments in the Non-banking financial companies (NBFC) sector have brought the sector under greater market discipline. India has a lot of un-banked and under banked consumers and businesses. Hence, there is a lot of potential for NBFCs to tap that area. The NBFCs are being recognized as being vital for economic growth.

Pursuant to RBI’s regulatory framework, your Company is a “Non- Banking Financial Company Non-Systemically Important (Non- public deposit taking company) (NBFCs-ND-NSI) registered under Reserve Bank of India (“RBI”) vide registration number N-06.00576 dated October 17, 2003 and involved in the activities of Investment in shares as well as trading and financing activities.

RISK AND CONCERNS:

As a NBFC, the Company is exposed to market risk, global risk, regulatory risk, credit risk, liquidity risk, competition risk and interest rate risk etc. which can affect the return on investments and financial business in unexpected way. Sustained efforts to strengthen the risk framework and portfolio quality have yielded consistently better outcomes for the Company.

OPPORTUNITIES AND THREATS:

Financial markets across the world are experiencing extreme volatility; global commodity prices, especially of crude oil, have declined sharply. However, the global liquidity driven rally has been witnessed despite COVID-

19 numbers shooting up in various geographies due to change in monetary policies and stimulus packages. Government of India and RBI are taking swift actions to tackle the pandemic and its consequences. Consequently, domestic markets remained in the green zone on the back of gradual opening up of the economy, news stating early vaccine for COVID-19 and cheap capital (domestic & global) could start the CAPEX cycle, and stimulus package along with sustained global liquidity will support the sentiment. Noting above facts, your management is quite hopeful of early recovery of the economy.

During the financial year 2019-20, your Company changed the pattern of allocation of funds. Higher allocation made in domestic equity. Company also increased lending to known Business associates and Group Companies for safety and higher returns. Company is hopeful that revised allocation will help in better Asset Portfolio Management to get the better returns with safety. Keeping in view the key policy changes by Government and RBI and also due fall in Equity Market due to COVID 19, the Company decided to increase the investment in Equity Market to participate in future growth of Industry and Economy.

Your Company foresees and is cautious of all the economic and financial threats while making new investments and also aware of the fact that change in Government policies and rate of interest revisions will affect the valuation of investments made by Company.

FINANCIAL/OPERATIONAL PERFORMANCE:

The Company achieved an income of Rs. 54,83,021.17 with a loss before tax of Rs. 2,31,11,874.74. The detailed performance has already been discussed in the Directors' Report under the column 'Financial Performance'.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The Company is maintaining an efficient and effective system of Internal Financial Control for the facilitation of speedy and accurate compilation of financial statements. The Company's internal control system is designed to ensure operational efficiency, protection and conservation of resources, accuracy and promptness in financial reporting and compliance with laws and regulations and procedures. Pursuant to the provisions of Section 138 of the Companies Act, 2013 read with Companies (Accounts) Rules, 2014, the Company has also appointed M/s. Piyush Singla & Associates, Chartered Accountants as an Internal Auditors of the Company. The Company has in place adequate internal financial control systems with reference to the Financial Statements. The Internal Audit Reports are discussed with the Management and are reviewed by the Audit Committee of the Board which also reviews the adequacy and effectiveness of the internal controls in the Company. During the year, Company's Internal Controls were tested and no reportable weakness in the system was observed.

HUMAN RESOURCES/INDUSTRIAL RELATIONS:

The Industrial Relations remained cordial throughout the year. The Company recognizes people as its most valuable asset and it has built an open, transparent and meritocratic culture to nurture this asset. The total permanent employee's strength of the Company was 3 (three) as on 31st March 2020.

In response to COVID-19 pandemic, the Company has taken various measures duly taking care of livelihoods of its employees, their safety and security. The steps include providing masks, hand sanitizers, disinfectants, conducting regular temperature checks and being very vigilant on employees and essential visitors at our office.

DETAILS OF SIGNIFICANT CHANGES IN KEY FINANCIAL RATIOS:

As per SEBI (Listing Obligations and Disclosure Requirements (Amendment) Regulations, 2018, the Company is required to provide details of significant changes (change of 25% or more as compared to immediately previous financial year) in key financial ratios. Accordingly, the Company has identified the following ratios as key financial ratios:-

Ratio	31.03.2019	31.03.2020	% Change
PBT/Total Income	(421.09)	29.40	(450.49)
Financial Assets to Total Assets	83.18	98.87	(15.69)
Financial Income/Total Income	99.89	73.84	26.05
Return on Net Worth	(8.45)	0.89	(9.34)

EXPLANATION FOR CHANGE OF 25% OR MORE IN KEY FINANCIAL RATIOS:

High volatility in the equity market in Financial year 2019-2020 and covid-19 pandemic, adverse banking scenario, slowing global growth and liquidity crisis in NBFCs coupled with lower corporate profitability affected the profitability of the Company during the current year as compared to last year. Financial Income/Total Income is increased by 26.05% due to reversal of Diminution in Permanent Nature Written Back during the financial year 2018-19.

CAUTIONARY STATEMENT:

Though the statement and views expressed in the above said report are on the basis of best judgment but the actual future results might differ from whatever is stated in the report.

INDEPENDENT AUDITOR'S REPORT**TO THE MEMBERS OF KOVALAM INVESTMENT AND TRADING COMPANY LIMITED****Report on the Audit of the Standalone Financial Statements****Opinion**

We have audited the accompanying standalone financial statements of Kovalam Investment And Trading Company Limited (“the Company”), which comprise the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as “the standalone financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India(ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Emphasis of Matter

We draw attention to Note-29(a) to the Standalone Ind AS Financial Statements, which describes the uncertainties and the impact of Covid-19 pandemic on the Company’s operations and results as assessed by the management. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon,

and we do not provide a separate opinion on these matters. There is no key audit matters to be communicated in our report.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including annexures to the Board's Report and Management Discussion & Analysis Report, but does not include the standalone financial statements and our auditors' report thereon. The Board's Report including annexures to the Board's Report and Management Discussion & Analysis Report is expected to be made available to us after the date of this auditors' report.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated. When we read the Board's Report including annexures to the Board's Report and Management Discussion & Analysis Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism through out the audit. We also:

Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other

matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

The Company has not paid any managerial remuneration.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i)
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor

Education and Protection Fund by the Company.

2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of KOVALAM INVESTMENT AND TRADING COMPANY LIMITED of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **KOVALAM INVESTMENT AND TRADING COMPANY LIMITED** (“the Company”) as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company ;and(3)provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The financial statements up to and for the year ended March 31, 2019 were prepared in accordance with the accounting standard notified under Section 133 of the Act, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Previous GAAP) and other applicable guidelines issued by the RBI, which have been adjusted for the differences in the accounting principles adopted by the Company on transition to Ind AS.

As these are the Company's first financial statements prepared in accordance with Ind AS, the Company has applied, First-time Adoption Standard (Ind AS 101) of Indian Accounting Standards. An explanation of how the transition to Ind AS has affected the previously reported financial position, financial performance and cash flows of the Company is provided in Note 35.

The financial statements for the year ended March 31, 2020 were authorized and approved for issue by the Board of Directors on 26th June 2020.

(ii) Historical cost convention

The financial statements have been prepared on going concern basis in accordance with accounting principles generally accepted in India. Further, the financial statements have been prepared on historical cost basis except for certain financial assets and financial liabilities which are measured at fair values as explained in relevant accounting policies.

b) Property, plant and equipment*Recognition and initial measurement*

Property, plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognised in statement of profit or loss as incurred.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repair and maintenance costs are recognised in statement of profit or loss as incurred.

Subsequent measurement (depreciation method, useful lives and residual value)

Property, plant and equipment are subsequently measured at cost less accumulated depreciation and impairment losses. Cost of acquisition is inclusive of freight, duties, taxes and other incidental expenses. Depreciation on property, plant and equipment is provided on the straight-line basis as per the rates specified in Schedule II of the Companies Act, 2013.

Depreciation is calculated on pro rata basis from the date on which the asset is ready for use or till the date the asset is sold or disposed.

The residual values, useful lives and method of depreciation are reviewed at the end of each financial year.

The Company fully depreciates the assets having individual value of Rs. 5,000 or less in the year of acquisition.

De-recognition

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognized in the statement of profit and loss, when the asset is derecognised.

Capital work-in-progress

Capital work-in-progress are carried at cost, comprising direct cost, related incidental expenses and advances paid to acquire property, plant and equipment. Assets which are not ready to intended use are also shown under capital work-in-progress.

c) Investment Property

Properties held to earn rentals or / and for capital appreciation or both but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes, are categorized as investment properties. These are measured initially at cost of acquisition, including transaction costs and other direct costs attributable to bringing asset to its working condition for intended use. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any. The cost shall also include borrowing cost if the recognition criteria are met. Said assets are depreciated on straight line basis based on expected life span of assets which is in accordance with Schedule II of the Act. However, as per Ind AS 40, there is a requirement to disclose fair value as at the balance sheet date.

d) Intangible assets*Recognition and initial measurement*

Intangible assets are stated at their cost of acquisition. The cost comprises purchase price including any import duties and other taxes (other than those subsequently recoverable from taxation authorities), borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.

Subsequent measurement (amortisation method, useful lives and residual value)

Intangible assets are amortised over a period of 3 years from the date when the assets are available for use. The estimated useful life (amortisation period) of the intangible assets is arrived basis the expected pattern of consumption of economic benefits and is reviewed at the end of each financial year and the amortisation period is revised to reflect the changed pattern, if any.

e) Revenue recognition*Interest income*

Interest income is recorded on accrual basis using the effective interest rate (EIR) method. Additional interest/overdue interest/penal charges, if any, are recognised only when it is reasonable certain that the ultimate collection will be made.

Dividend income

Dividend income is recognised at the time when the right to receive is established by the reporting date. Profit/Loss on Sale of investments is considered at the time of sale/redemption.

Brokerage income

Brokerage income is recorded on accrual basis.

Capital Gain/ Profit on Sale of Investment

Gain/Loss on sale of Investment is considered at the time of Sale / Redemption.

Other income

All other income is recognized on an accrual basis, when there is no uncertainty in the ultimate realization/collection.

f) Borrowing costs

Borrowing costs that are directly attributable to the acquisition and/or construction of a qualifying asset, till the time such qualifying assets become ready for its intended use sale, are capitalised. Borrowing costs consists of interest and other cost that the Company incurred in connection with the borrowing of funds. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the Statement of Profit and Loss as incurred basis the effective interest rate method.

g) Taxation

Tax expense recognized in Statement of Profit and Loss comprises the sum of deferred tax and current tax except to the extent it recognized in other comprehensive income or directly in equity.

Current tax comprises the tax payable or receivable on taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. Current tax is computed in accordance with relevant tax regulations. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received after considering uncertainty related to income taxes, if any. Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Minimum alternate tax ('MAT') credit entitlement is recognised as an asset only when and to the extent there is convincing evidence that normal income tax will be paid during the specified period. In the year in which MAT credit becomes eligible to be recognised as an asset, the said asset is created by way of a credit to the Statement of Profit and Loss and shown as MAT credit entitlement. This is reviewed at each balance sheet date and the carrying amount of MAT credit entitlement is written down to the extent it is not reasonably certain that normal income tax will be paid during the specified period.

Deferred tax is recognised in respect of temporary differences between carrying amount of assets and liabilities for financial reporting purposes and corresponding amount used for taxation purposes. Deferred tax assets are recognised on unused tax loss, unused tax credits and deductible temporary differences to the extent it is probable that the future taxable profits will be available against which they can be used. This is assessed based on the Company's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date to recover or settle the carrying amount of its assets and liabilities. Deferred tax assets and liabilities are offset only if there is a legally enforceable

right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously. Deferred tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit or loss (either in other comprehensive income or in equity).

h) Employee benefits

Short-term employee benefits

Liabilities for wages and salaries, including non-monetary benefits, if any, that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

Other long term employee benefit obligations:

The liabilities, if any, which needs to be settled after 12 months from the end of the period in which the employees render the related services are measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of reporting period using the projected unit credit method.

i) Impairment of financial assets

Loan assets

The Company follows a 'three-stage' model for impairment based on changes in credit quality since initial recognition as summarised below:

- Stage 1 includes loan assets that have not had a significant increase in credit risk since initial recognition or that have low credit risk at the reporting date.
- Stage 2 includes loan assets that have had a significant increase in credit risk since initial recognition but that do not have objective evidence of impairment.
- Stage 3 includes loan assets that have objective evidence of impairment at the reporting date.

The Expected Credit Loss (ECL) is measured at 12-month ECL for Stage 1 loan assets and at lifetime ECL for Stage 2 and Stage 3 loan assets ECL is the product of the Probability of Default, Exposure at Default and Loss Given Default, defined as follows:

Probability of Default (PD) - The PD represents the likelihood of a borrower defaulting on its financial obligation (as per "Definition of default and credit-impaired" above), either over the next 12 months (12 months PD), or over the remaining lifetime (Lifetime PD) of the obligation.

Loss Given Default (LGD) - LGD represents the Company's expectation of the extent of loss on a defaulted exposure. LGD varies by type of counterparty, type and preference of claim and availability of collateral or other credit support.

Exposure at Default (EAD) - EAD is based on the amounts the Company expects to be owed at the time of default. For a revolving commitment, the Company includes the current drawn balance plus any further amount that is expected to be drawn up to the current contractual limit by the time of default, should it occur.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2020

Forward-looking economic information (including management overlay) is included in determining the 12-month and lifetime PD, EAD and LGD. The assumptions underlying the expected credit loss are monitored and reviewed on an ongoing basis.

Other financial assets

In respect of its other financial assets, the Company assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the Company measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

When making this assessment, the Company uses the change in the risk of a default occurring over the expected life of the financial asset. To make that assessment, the Company compares the risk of a default occurring on the financial asset as at the balance sheet date with the risk of a default occurring on the financial asset as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition. The Company assumes that the credit risk on a financial asset has not increased significantly since initial recognition if the financial asset is determined to have low credit risk at the balance sheet date.

Write-offs

Financial assets are written off either partially or in their entirety only when the Company has stopped pursuing the recovery. Any subsequent recoveries are credited to impairment on financial instrument on statement of profit and loss..

j) Cash and cash equivalents

Cash and cash equivalents comprise cash in hand (including imprest), demand deposits and short-term highly liquid investments that are readily convertible into known amount of cash and which are subject to an insignificant risk of changes in value.

k) Provisions, contingent assets and contingent liabilities

Provisions are recognized only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Company or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are neither recognised nor disclosed except when realisation of income is virtually certain, related asset is disclosed.

l) Financial instruments

A Financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs. Subsequent measurement of financial assets and financial liabilities is described below.

Non-derivative financial assets

Subsequent measurement

i. Financial assets carried at amortised cost – a financial asset is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the Statement of Profit and Loss.

ii. Investments in equity instruments – Investments in equity instruments which are held for trading are classified as at fair value through profit or loss (FVTPL). For all other equity instruments, the Company makes an irrevocable choice upon initial recognition, on an instrument by instrument basis, to classify the same either as at fair value through other comprehensive income (FVOCI) or fair value through profit or loss (FVTPL). Amounts presented in other comprehensive income are not subsequently transferred to profit or loss. However, the Company transfers the cumulative gain or loss within equity. Dividends on such investments are recognised in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment.

iii. Investments in mutual funds/venture capital funds/alternative investment funds (AIF) – Investments in mutual funds, venture capital funds and AIF are measured at fair value through profit and loss (FVTPL).

iv. Investments held for trading purposes – The Company has investments in equity instruments, mutual funds, debentures, bonds etc. which are held for trading purposes and therefore, classified as at fair value through profit or loss (FVTPL).

De-recognition of financial assets

Financial assets (or where applicable, a part of financial asset or part of a group of similar financial assets) are derecognised (i.e. removed from the Company's balance sheet) when the contractual rights to receive the cash flows from the financial asset have expired, or when the financial asset and substantially all the risks and rewards are transferred. Further, if the Company has not retained control, it shall also derecognise the financial asset and recognise separately as assets or liabilities any rights and obligations created or retained in the transfer.

Non-derivative financial liabilities*Subsequent measurement*

Subsequent to initial recognition, all non-derivative financial liabilities are measured at amortised cost using the effective interest method.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

m) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss (interest and other finance cost associated) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

n) Segment reporting

The Company identifies segment basis the internal organization and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit/loss amounts are regularly by the executive committee ('chief operating decision maker') in deciding how to allocate resources and in assessing performance. The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship with the operating activities of the segment.

o) Significant management judgement in applying accounting policies and estimation uncertainty

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the related disclosures. Actual results may differ from these estimates.

Significant management judgements

Recognition of deferred tax assets – The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilized.

Evaluation of indicators for impairment of assets – The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

Provisions – At each balance sheet date basis the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgement.

Significant estimates

Useful lives of depreciable/amortisable assets – Management reviews its estimate of the useful lives of depreciable/amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of assets.

Defined benefit obligation (DBO) – Management's estimate of the DBO is based on a number of underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

Fair value measurements – Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.

Ind AS 116 'Leases'

On 30th March 2019, MCA has notified in Ind AS 116, Leases. Ind AS 116 sets out the Principles for the recognition, measurement, presentation and disclosure of leases and Requires lessees to account for all leases under a single on balance sheet model similar To the accounting for finance leases under Ind AS 17. The standard includes two Recognition exemptions for lessees-leases of 'lowvalue' assets and short term leases (i.e., leases with a lease term of 12 months or less). At the commencement date of Lease, a lessee will recognize a liability to make lease payments (i.e., the lease liability) And an asset representing the right to use the underlying asset during the lease term (i.e., the right-of-use-asset). Lessees will be required to separately recognize the interest Expense on the lease liability and the depreciation expense on the right-of-use-asset.

Lessees will be also required to measure the lease liability upon the occurrence of certain Events (e.g., a change in the lease term, a change in future lease payments resulting From a change in an index or rate used to determine those payments). The lessee will Generally recognize the amount of the remeasurement of the lease liability as as adjustment To the right-of-use-asset. It has no impact on the Company.

Note - 29 (a)

In March 2020, World Health organization (WHO) had declared the outbreak of Novel Coronavirus "Covid-19" as a pandemic. This pandemic has severely impacted businesses around the globe and also fall in valuation of securities in Stock markets. However, Stock Exchanges and other Financial Markets remain operational and in compliance with the lockdown instructions issued by the Centre and State governments, the company has been doing investment activity in digital mode etc. as permitted by Financial Institutions. Company is mainly doing investment business with long term perspective and hence temporary volatility in the financial markets will have little impact. The Company is monitoring the situation closely and the overall impact on the business of the Company will depend on future developments which cannot be reliably predicted. Given the uncertainty of quick turnaround to normalcy, post lifting of the lock down, the Company has carried out a comprehensive assessment of possible impact on the company's operations, capital and financial resources, profitability, liquidity and other financial arrangements, assets, based on the internal and external sources of information and application of reasonable estimates. The Company does not foresee any significant incremental risk to the recoverability of its assets or in its ability to meet its financial obligations over the foreseeable future, given early and required steps taken to contain, protect and mitigate the exposure. Pursuant to the relaxed guidelines, the stock markets in Globally including India have recovered substantially and the Company has resumed its operations as allowed in Keeping with Government advisories. Since the situations are continuously evolving, the Impact assessed may be different from the estimates made as at the date of approval of these financial results and management will continue to monitor any material changes arising due to the Impact of this pandemic on financial and operational performance of the Company and take necessary measures to address the Situation.

B) Fair values hierarchy

Financial assets and financial liabilities are measured at fair value in the financial statements and are grouped into three Levels of a fair value hierarchy. The three Levels are defined based on the observability of significant inputs to the measurement, as follows:

The categories used are as follows:

Level 1: Quoted prices (unadjusted) for identical instruments in an active market;

Level 2: Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data (unobservable inputs).

Valuation methodologies of financial instruments not measured at fair value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the Company's financial statements. These fair values were calculated for disclosure purposes only. The below methodologies and assumptions relate only to the instruments in the above tables:

Financial assets and liabilities

For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include: cash and balances, balances other than cash and cash equivalents, loans, trade payables, short term borrowings, inter company loan and contract liability without a specific maturity.

Note : 31 Financial risk management**A) Risk Management**

The Company's activities expose it to market risk, liquidity risk and credit risk. The Company's board of directors has overall responsibility for the establishment and oversight of the Company risk management framework. The Company's risk are managed by a treasury department under policies approved by the board of directors. The board of directors provides written principles for overall risk management. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

Market risk - interest rate	The company does not have any variable rate	Not applicable	Not applicable
Market risk - security	Investments in equity securities, venture funds and mutual funds.	sensitivity analysis	Diversification of portfolio, with focus on strategic investments

In order to avoid excessive concentrations of risk, the Group's policies and procedures include specific guidelines to focus on maintaining a diversified portfolio. Identified concentrations of credit risks are controlled and managed accordingly.

Credit risk

Credit risk is the risk that a counterparty fails to discharge its obligation to the Company. The Company's exposure to credit risk is influenced mainly by cash and cash equivalents, other bank balances, investments, loan assets, trade receivables and other financial assets. The Company continuously monitors defaults of customers and other counterparties and incorporates this information into its credit risk controls.

Credit risk management

The Company assesses and manages credit risk based on internal credit rating system. Internal credit rating is performed for each class of financial instruments with different characteristics. The Company assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

- (i) Low credit risk
- (ii) Moderate credit risk
- (iii) High credit risk

The company provides for expected credit loss based on the following:

Nature	Assets covered	Basis of expected credit loss
Low credit risk	cash and cash equivalents, other bank balances	12 month expected credit loss
Moderate credit risk	loans	Life time expected credit loss or 12 month expected credit loss
High credit risk	loans	Life time expected credit loss or fully provided for

Based on business environment in which the Company operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions.

Assets are written off when there is no reasonable expectation of recovery. The Company continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognised in statement of profit and loss.

(iii) High credit risk - Stage 3			
Loans	-	-	-

Cash and cash equivalents and bank deposits

Credit risk related to cash and cash equivalents and bank deposits is managed by only accepting highly rated banks and diversifying bank deposits and accounts in different banks across the country.

Loans

Credit risk related to borrower's are mitigated by considering collateral's/bank guarantees/letter of credit, from borrower's. The Company closely monitors the credit-worthiness of the borrower's through internal systems and project appraisal process to assess the credit risk and define credit limits of borrower, thereby, limiting the credit risk to pre-calculated amounts. These processes include a detailed appraisal methodology, identification of risks and suitable structuring and credit risk mitigation measures. The Company assesses increase in credit risk on an ongoing basis for amounts loan receivables that become past due and default is considered to have occurred when amounts receivable become one year

Other financial assets measured at amortized cost

Other financial assets measured at amortized cost includes loans and advances to employees, security deposits, insurance claim receivables and others. Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously.

B) Credit risk exposure**(i) Expected credit losses for financial assets other than loans**

Company provides for expected credit losses on financial assets other than loans by assessing individual financial instruments for expectation of any credit losses:

- For cash and cash equivalents and other bank balances - Since the Company deals with only high-rated banks and financial institutions, credit risk in respect of cash and cash equivalents, other bank balances and bank deposits is evaluated as very low
- For investments - Considering the investments are in equity shares, mutual funds, and government securities, credit risk is considered low
- For loans comprising security deposits paid - Credit risk is considered low because the Company is in possession of the underlying asset.
- For other financial assets - Credit risk is evaluated based on Company's knowledge of the credit worthiness of those parties and loss allowance is measured for 12 month expected credit losses upon initial recognition and provide for lifetime expected credit losses upon significant increase in credit risk. The Company does not have any expected loss based impairment recognised on such assets considering their low credit risk nature, though the reconciliation of expected credit loss for all sub categories of financial assets (other than loans) are disclosed below:

As at 31 March, 2020	Estimated gross carrying amount at default	Expected credit losses	Carrying amount net of impairment provision
Cash and cash equivalents	5,36,445.01	-	5,36,445.01
Investments	-	-	-
Other financial assets	-	-	-

As at 31 March, 2019	Estimated gross carrying amount at default	Expected credit losses	Carrying amount net of impairment provision

Investments	-	-	-
Other financial assets	4,61,083.53	-	4,61,083.53

ii) Expected credit loss for loans

The Company follows a 'three-stage' model for impairment based on changes in credit quality since initial recognition as summarised below:

A financial instrument that is not credit-impaired on initial recognition is classified in 'Stage 1' and has its credit risk continuously monitored by the Company i.e. the default in repayment is within the range of 0 to 30 days.

If a significant increase in credit risk ('SICR') since initial recognition is identified, the financial instrument is moved to 'Stage 2' but is not yet deemed to be credit-impaired i.e. the default in repayment is within the range of 31 to 90 days.

If the financial instrument is credit-impaired, the financial instrument is then moved to 'Stage 3' i.e. the default in repayment is more than 90 days

The Expected Credit Loss (ECL) is measured at 12-month ECL for Stage 1 loan assets and at lifetime ECL for Stage 2 and Stage 3 loan assets. ECL is the product of the Probability of Default, Exposure at Default and Loss Given Default. Forward-looking economic information (including management overlay) is included in determining the 12-month and lifetime PD, EAD and LGD. The assumptions underlying the expected credit loss are monitored and reviewed on an ongoing basis.

Changes in the gross carrying amount and the corresponding ECL allowances in relation to loans from beginning to end of reporting period:

C) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due.

The Company maintains flexibility in funding by maintaining availability under committed credit lines. Management monitors the Company's liquidity positions (also comprising the undrawn borrowing facilities) and cash and cash equivalents on the basis of expected cash flows. The Company also takes into account liquidity of the market in which the entity operates.

(i) Maturities of financial liabilities

The tables below analyses the Company financial liabilities into relevant maturity groupings based on their contractual maturities. The amounts disclosed in the table are the contractual undiscounted cash flows:

Note : 32 Capital management

The Company's capital management objectives are

- to ensure the Company's ability to continue as a going concern
- to comply with externally imposed capital requirement and maintain strong credit ratings
- to provide an adequate return to shareholders

The Company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of balance sheet. Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. This takes into account the subordination levels of the Company's various classes of debt. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt.

Note : 33 First time adoption of Ind AS

These are the Company's first financial statements prepared in accordance with Ind AS.

The accounting policies set out in note 24 have been applied in preparing the financial statements for the year ended 31 March 2020, the comparative information presented in these financial statements for the year ended 31 March 2018. An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows is set out in the following tables and notes.

A Ind AS optional exemptions
1 Deemed cost for property, plant and equipment and intangible assets

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Asset. Accordingly, the Company has elected to measure all of its property, plant and equipment and intangible assets at their previous GAAP carrying value.

2 Designation of previously recognised financial instruments

Ind AS 101 permits a first-time adopter to designate investments in equity instruments at FVOCI on the basis of the facts and circumstances at the date of transition to Ind AS. The Company has elected to apply this exemption for its investment in equity investments.

3 Deemed cost for investments in Associates

Ind AS 101 permits a first-time adopter to continue previous GAAP carrying value for investment in equity instrument of subsidiaries. Accordingly, the Company has elected to apply the said exemption.

1 Estimates

An entity's estimates in accordance with Ind ASs at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at April 1, 2018 are consistent with the estimates as at the same date made in conformity with previous GAAP. The Company made estimates for following items in accordance with Ind AS at the date of transition as these were not required under previous GAAP:

- a) Investment in equity instruments carried at FVOCI
- b) Impairment of financial assets based on expected credit loss model

2 Classification and measurement of financial assets and liabilities

Classification of financial asset is required to be made on the basis of the facts and circumstances that exist at the date of transition to Ind AS. Further, if it is impracticable for the Company to apply retrospectively the effective interest method in Ind AS 109, the fair value of the financial asset or the financial liability at the date of transition to Ind AS shall be the new gross carrying amount of that financial asset or the new amortised cost of that financial liability at the date of transition to Ind AS

3 De-recognition of financial assets

The Company have applied de-recognition principles of Ind AS 109 prospectively from the date of transition to Ind AS.

C Reconciliations between Previous GAAP and Ind AS

Note : 35 Disclosure pursuant to IndAS 101 "First time adoption of Ind AS"

Notes forming part of Financial Statements for the year ending 31 March 2020

(All amounts in lakhs rupees, unless otherwise stated)

Notes to First time adoption, Explanation of major impact on adoption on Ind AS on the reported standalone financial statements of the Company as on the date of transition is as under:

1. Financial instruments carried at fair value through profit and loss or through other comprehensive income

"Under previous GAAP, investments in long-term equity instrument were carried at cost and tested for other than temporary diminution. Under Ind AS, such investments are carried either at fair value through profit and loss (FVTPL) or fair value through other comprehensive income (FVOCI) (except for investment in subsidiaries/associates/joint ventures). Under previous GAAP, investments in mutual funds, alternate investment funds and venture funds were carried at cost or market value whichever is lower. Under Ind AS, such investments are carried at fair value through profit and loss (FVTPL)."

2. Tax impact on adjustments

Under previous GAAP, deferred tax accounting was done using the income statement approach. However, Ind AS requires the accounting of deferred taxes using the balance sheet approach, which includes identification of temporary differences based on the difference in carrying amount of an asset/ liability in the standalone balance sheet and its tax base. These differences have been suitably recognized in the standalone financial statements.
